

Free public access to open spaces and green spaces

Huachiew Chalermprakiet University has opened its doors to its neighboring local communities to use the green spaces for relaxation purposes. The green spaces can be used free of charge and there is no need to ask permission for individuals and small groups. For bigger groups (15 or more), they should ask permission from the university. This will ensure the convenient stay of the groups in these open and green spaces. For instance, the university can provide basic services such as toilets, canteens, security and information services and others. Visitors can bring their mats, sports facilities/gadgets or can borrow the facilities of the university.
